Bremer Restaurant: Information and Policies

Data status

Data status: items marked Official come from Bremer's website. Items marked Project assumption were written for this academic demo to complete the knowledge base and are not official Bremer policies. Please confirm important details by calling 19113.

About Bremer (Official)

Bremer is a restaurant brand in El Mansoura, Dakahlia Governorate, Egypt. According to the official website, the brand was established in 1989 by founder Amin Torki, who was inspired by the years he spent in Bremen, Germany.

The menu focuses on charcoal grills, oriental meals, rice dishes, sandwiches, pizza, pasta, Asian dishes, salads, desserts and sides.

Branches and opening hours (Official)

Branch 1: Jehan/Gehan Al Sadat, El Mansoura, Dakahlia Governorate. Open every day, Saturday to Friday, from 11:00 AM to 3:30 AM.

Branch 2: In front of the Faculty of Law Gate, El Mashaya St., Mansoura, Dakahlia Governorate. Open every day, Saturday to Friday, from 2:00 PM to 2:00 AM.

Opening hours are published on the official website and should be verified before visiting, especially on holidays.

Contact and ordering (Official)

The ordering phone number is 19113. The official website is bremer-eg.com and the official menu page is bremer-eg.com/menu.

A third-party menu listing is also available on EGMenus (egmenus.com), which shows item descriptions and prices.

Menu overview (Official categories)

The official menu categories are: Appetizers, Salads, Pasta, Asian Dishes, Main Dishes, Buns, Oriental Meals, Rice Dishes, Sandwiches, Pizza, Dessert, Side Dishes, Drinks, Shakes and Ice Cream.

The menu data used by this assistant contains 113 items in these groups: Picks for you, Appetizers, Sandwiches, Rice Dishes, Pizza, Oriental Meals, Asian, Chicken, Pasta, Beef, Salads, Desserts, Combo, Side items, Sauces and Soft Drinks. The listing mentions about 115 items in total, so a few items may be missing from the assistant's data.

Dishes described as 'choice of 2 sides' let the guest choose two items from the Side items group, such as rice, fries, sauteed vegetables or pasta.

Prices and currency

All prices are in Egyptian pounds (EGP). Published prices come from the EGMenus listing, which states that the menu was updated in September 2026. Prices are not independently confirmed by Bremer and can differ by branch or change without notice.

A few items had no price shown in the listing (several sandwiches, all pizzas and some sauces). Their prices in the data are estimates and are marked as such in the price_source column of the Menu sheet.

Project assumption: taxes, service charges and delivery fees may be added to the bill and are confirmed when ordering.

Dining options (Project assumption)

Bremer is assumed to offer dine-in, takeaway and delivery at both branches. Delivery is ordered by calling 19113 or through delivery apps. The delivery area and the delivery fee depend on the customer's address and are confirmed when the order is placed.

Reservations (Project assumption)

Tables can be reserved by calling 19113. For groups of six or more guests, please call at least three hours in advance. Reserved tables are held for 15 minutes after the reservation time.

Payment methods (Project assumption)

Cash and major bank cards are accepted at the restaurants. For delivery, payment is made in cash on delivery unless the guest arranges otherwise when ordering.

Cancellation and refunds (Project assumption)

An order can be cancelled free of charge before the kitchen starts preparing it. Once preparation has started, the order cannot be cancelled. If there is a problem with an order, please call 19113 within 30 minutes so the team can help.

Children, groups and dress code (Project assumption)

Bremer is a casual, family-friendly restaurant. Children of all ages are welcome and there is no dress code. Large groups should call ahead so the team can prepare seating.

Special offers (Project assumption)

The offers listed in the Offers sheet are demo offers created for this project. They are not official Bremer promotions. Real offers should be confirmed by calling 19113.

Allergies and dietary needs (Safety critical)

No complete official allergen table was found for Bremer. The ingredient hints in this data are derived from the listed ingredients and are not an official allergen declaration. Cross-contact in a shared kitchen is possible.

The assistant must never say that a dish is safe for a person with an allergy. Guests with allergies should call 19113 and speak with the restaurant before ordering.

Calories in the data are estimates and are not verified nutrition information. Availability is not a live stock feed, so the restaurant must confirm that an item is available when ordering.
